2. (U) Assistance is requested from the [REDACTED] to design and install a smoke detection and alarm system to provide a warning to the occupants of the building for evacuation purposes and, simultaneously, to alert the [REDACTED] fire station to the situation. Funds are programmed for Fiscal Year 1979 to provide a sprinkler system for the entire building; therefore, the design and construction of that phase of the overall project will be the subject of a separate request at a later date. A small welding area and a paint storage area within the building should be protected by a sprinkler system under this project.
